EXPRESSION OF ITALIAN ENGINEERING

Situated near Rome, in an exceptional area known as “Italy’s ceramic district”, Catalano’s sole global production site includes R&D, labs, management and production departments. This unique organizational structure has led to get effective synergy and constant collaboration among the different teams in the company. “Made in Italy” is a brand synonymous with excellence, reliability, talent and innovation. These features are part of Catalano’s identity, being the priorities which have influenced all the company’s choices and the values that have made Catalano a leading exporter of Italian ceramics all over the world.

175.000

Sqm: the surface of Catalano’s plant, 70,000 which are covered.

100

Countries where our products are distributed.

53

Years of history.

1.500

Pieces produced per day.

240

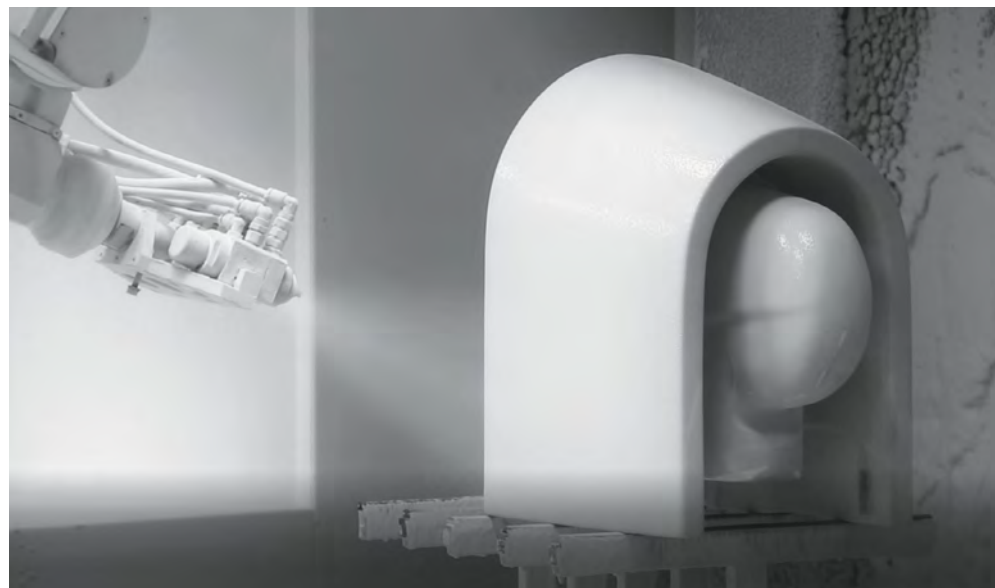

People (*workers and employees*).

240

Products in our catalog.

OUR QUALITY IS MADE OF PEOPLE, HISTORY AND CHALLENGES

Over 50 years ago, in a region traditionally committed to ceramic production, Catalano was founded by a group of skilled people, able to blend passion, ambition, know-how – evolved over the years from artisan manufacturing to industrial production - technical skills and entrepreneurial spirit. Over the years the company has continuously invested in training, in searching the best raw materials, in technological experimentation on increasingly performing production processes. Today, Catalano is worldwide recognized as a leading company in the Made in Italy sanitary-ware industry.

RESPECTING EMPLOYEES, WORKPLACE AND ENVIRONMENT

The important certifications obtained confirm the achievements reached to date and highlight the reliability, commitment and awareness of Catalano in facing the issue of environmental impact. Catalano has implemented policies aimed at reducing the water consumption, optimizing the logistics and managing of resources in a systematic way. The onsite solar power plant generates 25% of the total energy requirements. Catalano “Thinks Green”.

Environmental Product Declaration (EPDITALY0075).
Product certification focusing on the environmental performance of the Life Cycle Assessment (LCA).

ISO 14001:2015 (182097- 2015-AE-ITA-ACCREDIA)
Certificazione per gli aspetti ambientali.
Certification for Environmental management system.

Certification given by The Water Label Company which attests a reduced water consumption. A performance classification indicates the flow rate (litres/minute) when flushing the toilet.

Cataglaze® + treatment is eco-friendly because by facilitating cleaning, there is a reduction in the use of detergents and less pollution by chemical agents.

	<i>Pv modules installed</i>	<i>Coverage of energy requirements</i>	<i>Annual production (kwh)</i>

THE INNOVATIVE ANTIBACTERIAL GLAZE IS STANDARD ON ALL CATALANO PRODUCTS

Antibacterial protection

99,99 %

When a bacterium comes into contact with the surface glazed with Cataglaze+ Silver Titanium, the silver and titanium microparticles penetrate inside the cell wall of the bacterium, causing its lysis.

Cataglaze[®]+ Silver Titanium

Traditional glaze

Differences when comparing the glazes

It is an improvement of Cataglaze® glazing system; besides being more resistant to limescale and therefore easier to clean; its powerful antibacterial action kills germs and bacteria. The new formula contains silver and titanium ions, which, once activated, deliver an effective and complete protection. The antibacterial action is ISO 22196 certified and is 99.99% effective.

Antibacterial toilet seats

THE REVOLUTIONARY ANTIBACTERIAL FORMULA FOR ALL TOILET SEATS

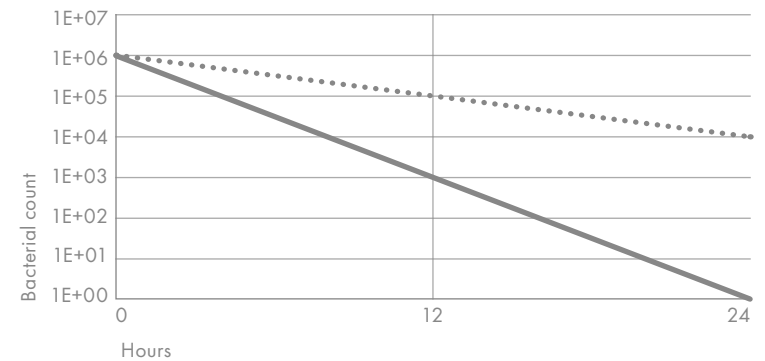

Silver Antibacterial protection

99,99 %

Certified antibacterial effect

— antibacteric standard

For a total protection of the WCs, all Catalano toilet seats are produced with FDA and EPA registered resins, able to inhibit the growth of germs and bacteria thanks to the properties of silver ions.

The antibacterial action is ISO 22196/JIS Z 2801 certified and is 99.99% effective.

Wc newflush®

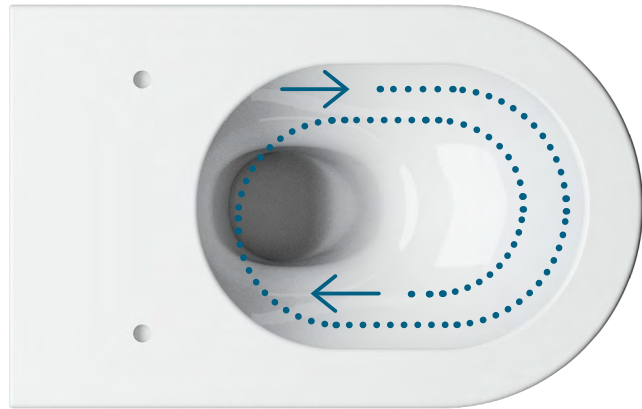

New flush without rim

Vortex-flushing

OVER SILENCE, OVER CLEAN

Vortex flushing

More silence

New flush without rim

More hygiene

reddot award 2016
winner

With Catalano's Newflush® powerful vortex system, the WC flushing performance is optimized for a cleaner pan. This technology guarantees a more silent flushing, a lower consumption of water and an effective cleaning action. With no rims, there is a continuous surface for an easier cleaning. So, Newflush® means more comfort and more environmental sustainability.

newflush[®]

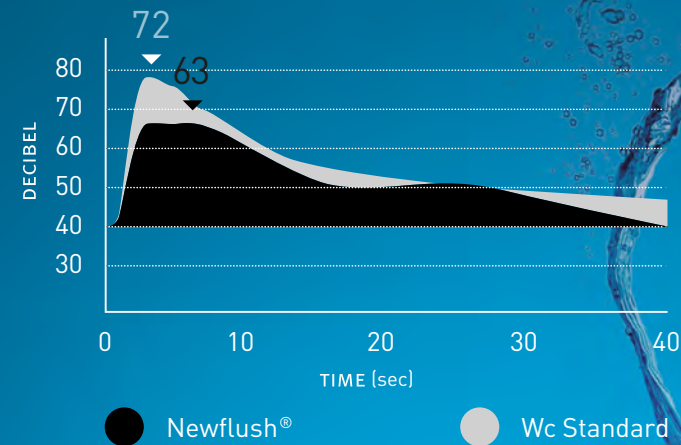

SILENCE IS GOLDEN

Our vortex flush is also more silent than traditional WCs. Imagine waking up in the middle of the night, and not wanting to flush the toilet for fear of waking up the whole family.

Well, Catalano's Newflush WCs provide a solution - flushing at a sound level of 62 decibels compared to 72 decibels on a standard WC.

To illustrate, 63 decibels is the equivalent of your shower on full blast, water reverberating off the shower tray. Noisy, we know!

63 decibels is the sound of an air conditioning unit..... at a hundred feet! So silent you could almost hear a pin drop!

SUITABLE FOR ALL CATALANO WASHBASINS

GREEN

ZERO

Catalano Universal Concept stands for the aptitude of four collections of WCs and bidets whose design perfectly matches all the Catalano washbasins.

TECHNOLOGY & PRECIOUS ELEGANCE

Gold | Black

Gold | White

Silver | White

Glossy glaze

CATAgaze+
Silver Titanium

Unscratchable Glaze

Catalano experimentation on precious finishes has led to the development of an exclusive production process for applying a “skin” of 18k gold and pure silver on sanitary-ware items. These precious finishes are the result of a special vitrification process which allows to get a much higher resistance to abrasions, detergents and to thermal shock than standard glazes. The brightness of metals combined with white and black colours create an elegant and sophisticated aesthetic solution.

EDITION COMBINATIONS

The suspended aluminium structure of the Edition system stands out for its lightness and flexibility.

The units feature a state-of-the-art aluminium internal structure.

The large drawer features a push-to-open and soft-close system.

The Edition collection adapts to all design configurations, from the wall-mounted washbasin to the storage units.

OUR IDEA OF FUTURE

Today more than ever, “doing business” means understanding the present to forecast the things to come. The company evolution is the result of an innate attention to technological innovations. Innovations that have caused a paradigm shift in designing, producing and responding to market demands, which are increasingly complex and globalized. Resource management, design, modeling and production phases are managed by fully digital and automated systems. The use of advanced automation throughout the production process enables Catalano to get the maximum optimization of all the production steps.
